Section 1 - Identification of the substance/mixture and of the company/undertaking

1.1 Product Identifier
   Trade Name: NOVOCS® Gloss

1.2 Relevant identified uses of the substance or mixture and uses advised against
   General Use: Silicone Solvent
   Restrictions on Use: None known

1.3 Details of the supplier of the safety data sheet:
   Company: Smooth-On, Inc.,
             5600 Lower Macungie Rd., Macungie, PA 18062
   Telephone: Phone (610) 252-5800
   E-mail address: Visit our website at www.smooth-on.com or email
                  www.sds@smooth-on.com

1.4 Emergency Contact: Chem-Tel  Domestic: 800-255-3924  International: 813-248-0585

Section 2 – Hazard(s) Identification

2.1 Classification of the substance or mixture:
   GHS Classification in accordance with 29 CFR 1910.1200 (OSHA HCS)
   H225 Flammable Liquids – Category 2
   H400 Acute Aquatic Toxicity – Category 1
   H410 Chronic Aquatic Toxicity – Category 1

2.2 GHS Label elements, including precautionary statements

   Pictogram(s): ☢️ ⚠️
   Signal word: Danger

   Health Hazards
   H225 Highly Flammable liquid and vapor

   Environmental Hazards
   H400 Very toxic to aquatic life
   H410 Very toxic to aquatic life with long lasting effects

   General Precautions
   P101 If medical advice is needed, have product container or label at hand.
   P102 Keep out of reach of children.
   P103 Read label before use.

   Prevention Precautions
   P210 Keep away from heat, hot surface, sparks, open flames and other ignition sources. - No smoking.
   P233 Keep container tightly closed.
P240  Ground/bond container and receiving equipment.
P241  Use explosion-proof electrical/ventilating/lighting/equipment.
P242  Use only non-sparking tools.
P243  Take precautionary measures against static discharge.
P273  Avoid release to the environment.
P280  Wear protective gloves/protective clothing/eye protection/face protection.

Response Precautions
P303 + P361 + P353  IF ON SKIN (or hair): Take off immediately all contaminated clothing. Rinse skin with water/shower.
P370 + P378  In case of fire: Use water fog, foam, dry chemical or carbon dioxide (CO2) to extinguish.
P391  Collect spillage.

Storage Precautions
P403 + P235  Store in a well-ventilated place. Keep cool.

Disposal Precautions
P501  Dispose of contents/container according to local, state and federal laws.

2.3  Hazards not otherwise classified (HNOC) or not covered by GHS – none known

For the full text of the H-Statements mentioned in this Section, see Section 16.

4.1  Description of first aid measures

Inhalation
Remove source(s) of contamination and move victim to fresh air. If breathing has stopped, give artificial respiration, then oxygen if needed. Contact physician immediately.

Eye Contact
Flush eyes with plenty of water. If irritation persists, seek medical attention.

Skin Contact
In case of skin contact, wash thoroughly with soap and water.

Ingestion
Do not induce vomiting unless instructed by a physician. Never give anything by mouth to an unconscious person.
4.2 Most important symptoms and effects, both acute and delayed
None known.

4.3 Indication of any immediate medical attention and specific treatment needed

Section 5 - Fire-Fighting Measures

5.1 Extinguishing Media
Water Fog, Dry Chemical, and Carbon Dioxide Foam

5.2 Special hazards arising from the substance or mixture
None known.

5.3 Advice for firefighters
Use water spray to cool fire-exposed surfaces and to protect personnel. Shut off “fuel” to fire. If a leak or spill has not ignited, use water spray to disperse the vapors. Either allow fire to burn under controlled conditions or extinguish with foam or dry chemical. Try to cover liquid spills with foam. Because fire may produce toxic thermal decomposition products, wear a self-contained breathing apparatus (SCBA) with a full-face piece operated in pressure demand or positive-pressure mode.

Section 6 - Accidental Release Measures

6.1 Personal precautions, protective equipment and emergency procedures
Avoid breathing vapours, mist or gas. Ensure adequate ventilation. Remove all sources of ignition. Evacuate personnel to safe areas. Beware of vapours accumulating to form explosive concentrations. Vapours can accumulate in low areas.

6.2 Environmental precautions
Stop spill/release if it can be done safely. Prevent spilled material from entering sewers, storm drains or unauthorized drainage systems and natural waterways by using sand, earth, or other appropriate barriers. No special environmental precautions required.

6.3 Methods and material for containment and cleaning up
Put on appropriate protective gear including NIOSH/MSHA approved self-contained breathing apparatus, rubber boots and heavy rubber gloves. Dike and contain spill; absorb or scrape up excess into suitable container for disposal; wash area with dilute ammonia solution. Stop or reduce discharge if it can be done safely. Follow applicable OSHA regulations (29 CFR 1910.120) for disposal.

6.4 Reference to other sections
See Section 3 for list of Hazardous Ingredients; Sections 8 for Exposure Controls; and Section 13 for Disposal.

Section 7 - Handling and Storage

7.1 Precautions for safe handling
Use good general housekeeping procedures. Wash hands after use. Do not get in eyes, on skin or on clothing. Do not breathe vapors or mists. Use good personal hygiene practices.

7.2 Conditions for safe storage, including any incompatibilities
Keep container(s) tightly closed and properly labeled. Store in cool, dry, well ventilated place away from heat, direct sunlight, strong oxidizers and any incompatibles. Store in approved containers and protect against physical damage. Keep containers securely sealed when not in use. Indoor storage should meet local standards and appropriate fire codes. Containers that have been opened must be carefully resealed to prevent leakage. Empty containers retain residue and may be dangerous. Avoid water contamination.

7.3 Specific end use(s)
These precautions are for room temperature handling. Other uses including elevated temperatures or aerosol/spray applications may require added precautions.

### Section 8 - Exposure Controls / Personal Protection

8.1 Control parameters
None defined

8.2 Exposure controls

**Respiratory Protection**
Respiratory protection is not normally required when using this product with adequate local exhaust ventilation. Where risk assessment shows air-purifying respirators are appropriate, follow OSHA respirator regulations 29 CFR 1910.134 and European Standards EN 141, 143 and 371; wear an MSHA/NIOSH or European Standards EN 141, 143 and 371 approved respirators equipped with appropriate filter cartridges as a backup to engineering controls.

**Hand Protection**
Wear any liquid-tight gloves such as butyl rubber, neoprene or PVC.

**Eye Protection**
Safety glasses with side shields per OSHA eye- and face-protection regulations 29 CFR 1910.133 and European Standard EN166. Contact lenses are not eye protective devices. Appropriate eye protection must be worn instead of, or in conjunction with contact lenses.

**Other Protective Clothing/Equipment**
Additional protective clothing or equipment is not normally required. Provide eye bath and safety shower.

**Comments**
Never eat, drink, or smoke in work areas. Practice good personal hygiene after using this material, especially before eating, drinking, smoking, using the toilet, or applying cosmetics. Wash thoroughly after handling.

### Section 9 - Physical and Chemical Properties

9.1 Information on basic physical and chemical properties*: Hexamethyldisiloxane has been categorized as an VOC exempt solvent under 40 CFR § 51.100(s)(1).

## Section 10 - Stability and Reactivity

10.1 **Reactivity**

No hazardous reactions if stored and handled as prescribed/indicated., No corrosive effect on metal. Not fire propagating.

10.2 **Chemical stability**

These products are stable at room temperature in closed containers under normal storage and handling conditions.

10.3 **Possibility of hazardous reactions**

Hazardous polymerization cannot occur

10.4 **Conditions to avoid**

None known

10.5 **Incompatible materials**

Strong bases and acids

10.6 **Hazardous decomposition products**

Thermal oxidative decomposition can produce carbon oxides, gasses/vapors, and traces of incompletely burned carbon compounds.

---

## Section 11- Toxicological Information

11.1 **Information on toxicological effects**

**Acute Toxicity**
- LD50 Oral - Rat - > 5,000 mg/kg
- LC50 Inhalation - Rat - 4 h - 15956 ppm
  (OECD Test Guideline 403)

- LD50 Dermal - Rabbit - > 2,000 mg/kg
  (OECD Test Guideline 402)
- NOAEL Oral - Rat - 160 mg/kg

**Skin Corrosion/Irritation**
- Skin - Rabbit
  Result: No skin irritation
  (OECD Test Guideline 404)

**Serious Eye Damage/Irritation**
- Eyes - Rabbit
  Result: No eye irritation

**Respiratory/Skin Sensitization**
- No data available
Germ Cell Mutagenicity
Chromosome aberration test in vitro
Chinese hamster lung cells
Result: negative

OECD Test Guideline 475
Rat - Bone marrow
Result: negative

Carcinogenicity
No data available

IARC: No component of this product present at levels greater than or equal to 0.1% is identified as probable, possible or confirmed human carcinogen by IARC.

Reproductive toxicity
No toxicity to reproduction

Reproductive toxicity - Rat - male and female - inhalation (vapour)
No significant adverse effects were reported

Developmental Toxicity - Rat – Inhalation

Specific target organ toxicity - single exposure
No data available

Specific target organ toxicity - repeated exposure
No data available

Aspiration hazard
No data available

Additional Information
RTECS: JM9237000

Prolonged or repeated exposure to skin causes defatting and dermatitis., Dizziness, To the best of our knowledge, the chemical, physical, and toxicological properties have not been thoroughly investigated.

### Section 12 - Ecological Information

12.1 Toxicity
Toxicity to fish  flow-through test LC50 - Oncorhynchus mykiss (rainbow trout) - ca. 0.46 mg/l - 96 h
Toxicity to algae  EC50 - Pseudokirchneriella subcapitata (green algae) - 0.22 mg/l - 95 h (OECD Test Guideline 201)

12.2 Persistence and Degradability
Biodegradability  aerobic - Exposure time 28 d
Result: 2 % - Not biodegradable (OECD Test Guideline 301C)

12.3 Bioaccumulative potential
No data available
Bioaccumulation  
Cyprinus carpio (Carp) - 70 d at 25 °C
Bioconcentration factor (BCF): 1,100 - 2,400 
(OECD Test Guideline 305C)

12.4 Mobility in soil 
No data available

12.5 Results of PBT and vPvB assessment
This substance/mixture contains no components considered to be either persistent, bioaccumulative and toxic (PBT), or very persistent and very bioaccumulative (vPvB) at levels of 0.1% or higher.

12.6 Other adverse effects
Very toxic to aquatic life with long lasting effects.

Section 13 - Disposal Considerations

13.1 Waste treatment methods
Under Resource Conservation and Recovery Act (RCRA) it is the responsibility of the user of the product to determine at the time of disposal whether the product meets RCRA criteria for hazardous waste as defined in 40 CFR Part 261. Waste management should be in full compliance with federal, state and local laws. Empty containers retain product residue which may exhibit hazards of material, therefore to not pressurize, cut, glaze, weld or use for any other purposes. Return drums to reclamation centers for proper cleaning and reuse.

Section 14 - Transport Information

14.1 UN number
DOT: - 1993  
IMDG: - 1993  
IATA: - 1993

14.2 UN proper shipping name
DOT:   FLAMMABLE LIQUID, N.O.S. (Hexamethyldisiloxane)  
IMDG:   FLAMMABLE LIQUID, N.O.S. (Hexamethyldisiloxane)  
IATA:   FLAMMABLE LIQUID, N.O.S. (Hexamethyldisiloxane)

14.3 Transport hazard class(es)
DOT: - 3  
IMDG: - 3  
IATA: - 3

14.4 Packing group
DOT: - II  
IMDG: - II  
IATA: - II

14.5 Environmental hazards
DOT: no  
IMDG Marine pollutant: yes  
IATA: yes

14.6 Special precautions for user
IMDG – EmS  F-E, S-E

14.7 Transport in bulk according to Annex II of MARPOL73/78 and the IBC Code
Not applicable

Section 15 - Regulatory Information

15.1 Safety health and environmental regulations/legislation specific for the
substance or mixture:

This product complies with REACH or is not subject to regulation under REACH. The product does not contain an ingredient listed on either the Candidate List or Authorization List for Substances of Very High Concern (SVHC).

In the United States (EPA Regulations)
TSCA Inventory Status (40 CFR710)
All components of this formulation are listed in the TSCA Inventory. No component of this formulation has been determined to be subject to manufacturing or use restrictions under the Significant New Use Rules (SNURs).

CERCLA Hazardous Substance List (40 CFR 302.4)
None known.

SARA 302 Components
No chemicals in this material are subject to the reporting requirements of SARA Title III, Section 302.

Superfund Amendments and Reauthorization Act of 1986 Title III (Emergency Planning and Community Right-to-Know Act of 1986) Section 313
None known.

Superfund Amendments and Reauthorization Act of 1986 Title III (Emergency Planning and community Right-to-Know Act of 1986) Sections 311 and 312
Fire, Immediate (Acute)

State Right-to-Know

California Proposition 65
This product does not intentionally contain any chemicals known to the state of California to cause cancer, birth defects or other reproductive harm.

15.2 Chemical safety assessment
No chemical safety assessment has been carried out for this substance/mixture by the supplier.
